Dear Mr. Dulles:

The officers and members of the Society of Medical Consultants to the Armed Forces join me in extending to you our sincere thanks and great appreciation for the stimulating, interesting and informative talk you made on the occasion of the annual dinner of the Society on the evening of November 22, 1959. Your clear and incisive analysis of world affairs gave all of us much to think about and it was a privilege indeed to have had you with us and to speak to us. It was also good of you to invite questions at the close of your remarks.

In addition to our thanks, may we at this season also extend to you sincere best wishes for a happy and successful New Year.

Respectfully yours,

Tom F. Wayne
